EDUCATION

University of Southern Mississippi
June 2019 - May 2020

Mississippi State University
Cumulative GPA: 3.20/4

Bachelor of Computer Science
Associate of Business Administration

August 2020 - Dec 2023

SKILLS

JavaScript	Agile Workflow
Python	Version Control
C/C++	Object Oriented Programming
HTML/CSS	Data Structures
Django	Data Analysis
SQL	Data Base Management

PROJECTS

Peronsal Portfolio

Using JavaScript, HTML, and CSS I created a reactive webpage version of my resume. There I've games and apps I've created with JS. All of which can be found on my GitHub.

E-Commerce Store

I worked closely with a team to build a Python program that functioned as an online furniture store. This project helped strengthen my skills with SQL and the Aglie workflow.

Virtual Computer

Successfully built a general-purpose computer system and a modern software hierarchy from the ground up. This helped my understanding of the operations that take place in the background of technology we use daily.

Compiler

Successfully built a compiler from the ground up using Flex & C++
